

After ‘Masterful Deception’ ?

2025 Copyright by Jon Swanson

Short and to the point:

There have been quite a few appeals somewhat recently concerning *warfare deception*.

Isn't it ODD that this is one theme (deception) the Bible says will be part of end-time matters?

1. Promises are made without intent to honor the pledges – Daniel 11.
2. End-time duplicity is a major dynamic of our *end of days* – Daniel 8.

Present culture – even just recently – continues to exalt *duplicity*.

1. Deception concerning war moves:
 - A. Israel's lax posture before bombing Iran in early June
 - B. Trump's employment of deception (decoy aircraft) during *Operation Midnight Hammer* in mid June

The Word of God says *deceit* is one huge (frequently expressed) quality in the *end of days*.

The little horn bears the quality of *duplicity* in his diplomatic efforts.

Christ warns of *deceptions* in the last days.

So what? Why should these concerns move us?

Because the Word of God is absolutely TRUTHFUL concerning *end-time* insight, we encourage action as a result of these eschatological things having *eternal significance* to all of humanity. In light thereof, we call for this:

The DISCERNING of present culture in light of data from the Word of God.

Meaning:

YOU and I need to look at what God's precious revelation says about these *end of days* we're in. We need to take that information and use it to *evaluate* global culture thereby. Our eternal state is in jeopardy due to the significance of contemporary deceptions!
