Dear Pastor, a *short and to the point* word to you, if I may ...

Present culture requires specific, God-honoring Kingdom action on our part IF we truly seek to help God's flock in Christ. We cannot be lost in *yesteryear* activities. Presentries demand we respond accordingly, NOW, not 10 years from now. Since the antichrist (*ax*) is now no longer restrained, we need to respond to contemporary issues and concerns tied to this brief era before the *war against the Saints* and before our Lord Jesus' initial appearing. I write this letter with a high degree of *urgency*!

Our world has changed. In response, we need to take more intentional steps toward *redeeming the time* in THIS context: We must be heralding God's Counsel concerning the *end of days* – OUR DAYS! THIS topic of *the days just prior to Christ's return* is now pressingly **current** AND is of eternal significance. Let's put secondary topics (like managing finances, principles of child rearing, healing from divorce, etc.) at the right level of priority. Instead of only spending time on valid, yet less important topics, may we also address TODAY'S more significant concerns in light of God's Word, again: especially the ones having eternal consequences.

Here's one of many matters to include in faithful *Ambassadoring* on Jesus Christ's behalf ...

Let's be honest and declare the following warnings concerning views which contribute to dangerous states of ill-preparedness in these *end of days*:

The following perspectives are a threat and we need to name them. They include,

The Pan-Trib views which belittle explicit Bible Truths on end-time matters;

The Preterit views which deny eschatological Truths are applicable for today;

The Pre-Trib views which teach the Church will not be present during the early efforts of the *ax (antichrist)* – once he becomes public.

How can we engage in this worthy effort in a proactive manner? One way ...

Teach **Bible Truths** concerning the *end of days* (as opposed to popular contemporary church traditions and, as stated above, as opposed to addressing things so secondary to the end-time crises at hand).

IF we can be of help to you in end-time Gospel and Discipleship ministries at this time, please contact us. We'd love to come and spend some time with you and the congregation which God has entrusted to your protective watch-care efforts.
