

# Can't Help Falling In Love

## Preparing for Good Friday and Resurrection Sunday

Earlier this year I went out for a midnight glimpse of the heavens. In Santa, ID (on cloudless and fogless nights) we are often able to clearly see one of the arms of our Milky Way galaxy. The night I ventured out to praise our Creator was a dark night as the moon was close to its final waning cycle. I was singing a lyrically modified form of Elvis Presley's song, *Can't Help Falling In Love*. As I was actually singing these very lyrics to the Lord (namely, "I can't help falling in love with You!") my Savior allowed me this personal intimate moment with Him as His glory blazed: The second I looked up into the northeast sky my eyes caught the beginning of a *falling star*. This meteorite moved slower through the sky than most I've beheld. It was larger in size than typical heavenly composites and eventually burned out in the southwest sky before moving past my view of sight. It was an amazing experience that night. I had to stop singing. I cried tears of blessing. I resumed my song of worship singing, "INDEED, I can't help falling in love with You! Alleluia"

This year our ministry focus is *a heart of gratitude*. We have SO much for which to be thankful. As I Thes. 5:16-18 includes, I gave thanks that night, having freshly experienced one of the many precious ways my God relates to me. AMEN: His mercies & grace are new each & every day through the whole of each & every year ... and then some – a bit of understatement, to be sure! **And yet, when it comes to God's most glorious display of love for us** – Jesus Christ's death on the cross whereby forgiveness of sin through His shed blood is granted those who, by faith, receive His gift – **I ask: How is it that this greatest act of love has become marginalized by so many residing on the earth today?**

---

In this blog, we're simply encouraging this: Let's prepare for the upcoming Good Friday and Resurrection Sunday opportunities through meditation on God's presentation of this glorious rescue story. Go to <https://truthsocial.com/@6TFTruthMattersTF6> for a reading outline of the closing days of our Creator's life here on earth almost 2,000 years ago. Note the March 31<sup>st</sup> and April 11<sup>th</sup> entries, for they specify the readings from the Gospel of John.

As we ponder afresh יהוה God's magnificent display of love for us, may each and every one of us find sweet and needed encouragement. The enduring, victorious JOY of our Lord Jesus in providing our salvation is our strength. ( see Neh. 8:10c & Heb. 12:2)

"Lord, we thank You for Your mercy and grace in the cross of Your Son. We exalt You in and through this Easter season. Thank You for defeating the grotesque one – satan – through Your glorious delivery from sin and sin's consequence: death. Yes, thank You for Your sacrificial death and victorious resurrection. In these two acts You overcame (for those who would accept Your kind gift of salvation), You provided the solution to mankind's greatest problems – threats that humanity could NEVER resolve! We express praise and thanksgiving to You, oh God Most High.

For those who have yet to personally apply God's awesome love gift, please visit
