

A 2023 Call: Read Your Bibles Dear Church

IF you've looked over our online and off-line materials, you would find this appeal stated in many forms: "If we are to live our *new birth in Christ Jesus* in victory today, we must be in God's Word."

So, short and to the point:

Read your Bibles dear Church! God has given this precious gift to us, in part, for our protection from the many deceptions in global culture today. While the whole Word of God is helpful (II Timothy 3:16, 17), the passages addressing the *end of days* prior to Jesus Christ's 2nd Advent to earth are especially insightful.

The next (action/application) step is yours to take.

For additional help during these days
prior to Jesus Christ's initial appearing,
